

NRSWA - 2 DAY REFRESHER COURSE

The aim of the course is to:

Provide delegates with the skills and knowledge to perform Supervisor or operative duties to the standards prescribed by CABWI in-line with the NRSW Act 1991, in order to safeguard themselves and others.

Who Should attend?

The NRSW refresher course is designed to assess and re-qualify experienced persons to prevent their NRSW cards expiring.

(Please note that this course is for candidates that hold all units on their street works card.)

Course summary:

The NRSWA re-assessment includes:

For Operatives:

- Location and avoidance of underground apparatus.
- Signing, lighting and guarding.
- Excavation in the road/highway.
- Reinstatement of compaction and backfill materials.
- Reinstatement of sub-base and road base non-bituminous materials.
- Reinstatement of bituminous materials (cold-lay & hot-lay).
- Reinstatement of concrete slabs.
- Reinstatement of modular surfaces and concrete footways.

For Supervisors:

- Location and avoidance of underground apparatus.
- Monitoring Signing, lighting and guarding.
- Monitoring Excavation in the road/highway.
- Monitoring Reinstatement of compaction and backfill materials.
- Monitoring Reinstatement of sub-base and road base non-bituminous materials.
- Monitoring Reinstatement of bituminous materials (cold-lay & hot-lay).
- Monitoring Reinstatement of concrete slabs.
- Monitoring Reinstatement of modular surfaces and concrete footways.

By the end of the NRSWA course delegates will be able to:

- Summarise the requirements of the current NRSW Act.
- Select appropriate personal protective and safety equipment as required to carry out street works activities.
- Supervisors will be able to monitor duties performed by Operatives for each unit and/or qualification Standards in-line with current legislation, and ACOP where applicable.
- Provide a safe working environment for themselves and others.

Course Duration: 2 Days

Certification: New Roads & Street Works Card
